• Mizo leaves his place and goes to the computer, presses the on button, and then sits on the chair in front of the computer and stretches. • Suddenly, the screen turns off and a message (a virus accompanied with a shape like a wasp) appears and disappears again. • The camera is trained on Mizo's surprised face. • Mizo feels sleepy so he leaves the computer open as it is and says • Mizo falls into a deep sleep and then the camera moves towards the computer where it's written that the computer has been hacked and the gate for the crossing viruses has been opened. • The viruses that look like a wasp starts coming out of the screen and flies in a swarm that circles the room first and around the bed then flies towards the window. One wasp stays in Mizo's room.	Mizo: The space information website.....good, here it is. Mizo: What's tiring here is that I have to move my hands and write the word I want to search for in the search bar. Aaaaah! I wish Zizo could invent a new device that doesn't require all this effort. Mizo: A wasp... I mean a virus but why? Mizo: Aha! It seems that I want to sleep. Mizo: It's hot today..... I'll open the window a little and then sleep. Mizo: Zzzzz.... The Viruses: Bzzzzzzzz

• After Mizo calms down, he checks out the wasp that's looking back at Mizo and is looking for a way out of the box.	Wasp: Bzzzzzz
• Mizo is thinking and looking at the wasp in the box	Mizo: I got you! Did you think you'd get away from me? Don't you know who I am? I am Mizo
	Wasp: Bzzzzzz
	Mizo: What's this.... This is impossible it's a robot..... it's not a real wasp
	Mizo: Is this a prank from one of my friends? I don't think so.

• Mizo looks at the computer screen and sees the message the gate for the crossing viruses has been opened. He looks at the wasp and then the message and says • Mizo looks at the window and he finds it open. He says	Mizo: What's this?! That's impossible! The computer viruses are attacking me but..... How could that happen?! Mizo: I remember now. Yesterday when I was online. Mizo: But was that the only virus that came out or are there others? Mizo: I hope I hadn't caused a mess for the island.

Zizo: what disaster... don't tell me that you caused this insect squadron filling the island's sky. Mizo: Zizo... these are not insects... these are.. these are ... Zizo: what are these?? Mizo: these are viruses that went out of my computer while I was asleep... they have reached us through the internet. Zizo: what are you saying... are you sure of that? Mizo: yes, I have caught	• The camera is focusing on the sky that is full of viruses. Zizo: I will take photos for this virus. Mizo: are you going to take photo of me with it... just one selfie. Zizo: Hey smart buddy...I am taking photo of it so that I would be able to upload its photo on the computer as the antiviruses' programs on the computer may recognize it. Mizo: yeah... I got it. Zizo: upload the photo quickly. Zizo: I will upload the photo on the strongest antiviruses' programs and we will see... Search's voice: Nothing resemblances it ... nothing resemblances it.	• Zizo looks at it and says • Zizo takes out his digital camera and starts taking photos of the virus from different positions. • Zizo switches on the computer and uploads the photos. Zizo: come on ... come on.

Mizo: don't even try ... I will not let you go.

Zizo: here it is searching again.

Search's voice: here I found it. It is a new unknown virus that can go out of the computer; but it can be controlled through this code.

Zizo: Awesome... still there is hope.

Mizo: What are we going to do?

Zizo: Mizo, meet me in five minutes at the central computer beside the forest.

Mizo: Why? ... Are we going on a picnic?

Zizo: yes, we are going to send a mini present for our dear guests..

- Zizo looks to the computer's screen and says...
- The virus appears in a mesh shape and the camera revolves around it. After that, the information about the virus appears beside it in an optical format.
- The program writes the code in the form of programming lines.
- Zizo keep thinking and then says that he might has found the solution. He goes out and takes with him the required code on a flash memory and says to Mizo ...

At the central computer

Mizo: why is zizo late?? Am I the present he is going to send for these visitors. Zizo: oh... as I guessed, they have reached the central computer place. Mizo: why are you late and what is that thing with you? Zizo: it is an electronic gun that I have uploaded the antivirus code on it. Mizo: do how does it work? Zizo: to an extent. However, it works like any other gun. Mizo: you mean that once you launch it in the air; those viruses will be killed. Zizo: I hope so ... what is this thing zizo? Mizo: it is my water	• Mizo arrives to the destination (at the central computer) and looks up to find these viruses there and say... • Zizo comes fastly; holding a manual big gun and says... • Zizo is surprised by mizo's way of thinking. • Some water gets out of the gun and Mizo says... • The viruses are revolving around the place. Zizo: wow... it is so violent. Mizo: what is happening? Zizo: I don't know but I advise you to get away from it because I am expecting what is going to happen. Mizo: what are you	the gun; but a part beside the gun is lightened. • The front space is becoming green... it gets green more and more in front of the gun; in the form of circles. Zizo's hands are shaken due to the strength of the gun's effect but he tries to hold on. • As Mizo finishes his words, the viruses make spiral shapes and start going inside the gun until they become all in it. • He tries to hold it in a heroic position. • After the viruses get inside; the gun says.... • Zizo enters on the key of killing the viruses and says...

expecting?

Mizo: hold on zizo....
Hold on. It goes inside
and disappears.

Zizo: I am trying.

Mizo: we got rid of it!!??

Zizo: not yet mizo.

The gun's voice: the

control. Do you wish to
keep them or kill them?

Zizo: kill them.

The gun's voice: viruses
are being killed.

The gun's voice: viruses
are killed.

Mizo: Thanks GOD. I
feel relaxed now.

Zizo: Mizo, I hope that
such experience would
push you to upgrade the
antiviruses' programs on
your computer.

Mizo: sure... I will
upgrade them.

Zizo: Mizo, these viruses
are like the gangs. They

damage the programs
and the computer.

Mizo: let me know that
more.

Zizo:in order to get rid of
these viruses; we should
upload antiviruses and
install them on the
computers.

already know that
previously.

Zizo: you already
know..... !!!

together after such
achievement.
